Intex Sri Lanka 2024 – Record-breaking attendance of domestic & international buyers representing 20+ countries/regions

Intex Sri Lanka 2024 commenced on a high note, attracting a stellar gathering of industry leaders, global dignitaries, and trade representatives. The grand opening ceremony was a testament to the show's stature in Sri Lanka as a premier international sourcing platform for the textile and apparel industry.

Graced by the presence of Ambassadors, High Commissioners, Diplomatic and representatives of trade offices from 14 countries along with government and trade industry associations which included Dr. Satyanjal Pandey, Deputy High Commissioner of India in Colombo (Chief Guest); Dr. Kingsley Bernard, Chairman & Chief Executive, Sri Lanka Export Development Board (Guest of Honour) Mr. Yohan Lawrence, Secretary General, Joint Apparel Association Forum of Sri Lanka (Special Guest); H.E. Damiano Francovich, Ambassador of Italy to Colombo; H.E. Nasser Yonis Alfurjani, Ambassador of the State of Libya to Sri Lanka; H.E. Al Rashdi, Ambassador of the Sultanate of Oman to Sri Lanka; H.E. Iwan Rutjens, Deputy Ambassador of the Netherlands to Sri Lanka; Ms. Fathimath Ghina, Deputy High Commissioner of Maldives in Colombo; Mr. Saurabh Sabhlok, Head of Chancery, High Commission of India to Colombo, Sri Lanka; Ms. Gamze Ercan, Commercial Counsellor, High Commission of Turkey in Colombo, Sri Lanka; Mr. Fiki Oktanio, Minister Counsellor/Economic, Embassy of the Republic of Indonesia in Colombo, Sri Lanka; Mr. Al Emin, Counsellor, Embassy of the Republic of Iraq in Colombo, Sri Lanka; Mr. Mohammad Turning, Counsellor, High Commission of Malaysia to Colombo, Sri Lanka and Mr. Mohamed Abdul Nasser, the Embassy of the UAE in Colombo, Sri Lanka; representatives from KOTRA Colombo and JETRO Colombo and board members and senior officials from industry associations and business chambers.

Over 175 exhibitors from 12 countries including Korea, Taiwan, Japan, Sri Lanka, India, Pakistan, China, Thailand, Netherlands, Germany, Luxembourg and USA showcased the latest natural and MMF fibres & yarns, textiles & fabrics, trims & accessories, dyes & chemicals and software solutions. This year also witnessed the successful launch of InMac - International Garment Machinery and Technology showcase alongside Intex Sri Lanka where over 30 brands from 15+ countries showcased solutions ranging from Fashion 3D software, bonding machines and pad-printing technology to new technology knitting, textile machinery to AI-based sewing and embroidery machines as well as machine spare parts and accessories. More than 85% of the exhibitors generated good leads and business enquiries and some also received onsite orders from the buyers who visited them during the show.

Over 6000 trade visitors from 20 countries visited the show over 3 days. More than 200 overseas buyers including two hosted buyers' delegations from Russian Fashion Industry Association (RAFI) and South India Garment Manufacturers Association (SIGMA) attended the show to fulfil their sourcing requirements. Other international buyers from Mexico, India, Japan, Pakistan, Qatar, Singapore, Indonesia, Maldives, Seychelles, Thailand, UAE, UK and USA connected with participating exhibitors through one-on-one meetings organised at Intex Sri Lanka.

The renowned Interactive Business Forum (IBF) Seminar Series hosted two panel discussions on 'Prospects & Challenges for Sri Lanka in the Global Readymade Garment Arena' and 'the Growing Trend in Synthetic Knit Fabric Business in Sri Lanka' as well as two industry presentations were made by representatives of The Global Organic Textile Standards (GOTS) and The Cotton Textiles Export Promotion Council (TEXPROCIL). This knowledge platform saw global business leaders, entrepreneurs and academics connect and collaborate with each other.

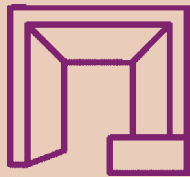

This year, one of the major highlight at Intex Sri Lanka was the India – Sri Lanka Textile Forum that was jointly organised by The Cotton Textiles Export Promotion Council (TEXPROCIL) along with the Joint Apparel Association Forum of Sri Lanka (JAAF) on 8th August 2024 at BMICH followed by a networking dinner. The forum brought together industry leaders and stakeholders from both nations to foster collaboration, explore new opportunities, and strengthen the textile and apparel trade between India and Sri Lanka. More importantly, the forum endeavoured to identify Sri Lankan and Indian industry requirements through focused discussions to bridge the gaps, streamline procurement processes and build stronger partnerships which

would lead to the creation of a robust ecosystem benefitting both Indian and Sri Lankan stakeholders. The Indian delegation was led by Mr. Rajesh Satam, Joint Director of The Cotton Textiles Export Promotion Council (TEXPROCIL) while the Sri Lankan delegation was led by Mr. Yohan Lawrence, Secretary General for the Joint Apparel Association Forum of Sri Lanka (JAAF).

Overall, Intex has proved to be the most relevant international textile sourcing platform in Sri Lanka as well as the premier annual industry event for the textiles and apparel industry of Sri Lanka.

Intex Sri Lanka Facilitating RMG Industry Growth Since 2015

As we get ready for Intex Sri Lanka 2024, we're filled with gratitude for the unwavering support from our valued partners, exhibitors and buyers, which has been the driving force behind our success. Your trust and partnership have been instrumental in shaping Intex South Asia into the leading international textile sourcing platform in South Asia.

We extend our sincere thanks to the BOI, EDB, JAAF, SLABA, SLASA, SLAEA, FTZMA, and FAAMA for their guidance and support. From the visionary leadership of the industry associations to the dedication of our exhibitors and the positive feedback from buyers, every stakeholder has played a crucial role in shaping Intex into the comprehensive international sourcing solution it is today. Thank you for being part of our success story. This year, exhibitors from 12+ countries will showcase the latest natural and MMF fibres & yarns, textiles & fabrics, trims & accessories, dyes & chemicals and software solutions. Intex Sri Lanka will also welcome buyers from over 20 countries.

This year, we are pleased to introduce InMac - The International Machinery & Technology Showcase, empowering manufacturers to upgrade machinery and technology in their quest for productivity, efficiency and global competitiveness.

We have created a vibrant ecosystem that fosters innovation, growth and global competitiveness. As we work together to shape the future of the Sri Lankan RMG industry, we invite you to explore the opportunities that await at Intex Sri Lanka 2024.

Intex Sri Lanka saw a Spectacular Opening

Industry Leaders & Diplomatic Corps Converge at the Premier International Sourcing Show in Sri Lanka

(JAAFSL) stated that the reason JAAFSL, as the umbrella body of the Sri Lankan RMG industry wholeheartedly supported Intex Sri Lanka because it has always created multiple opportunities for all. It is a very popular show and looked forward to by the larger and smaller companies as in today's market where everyone is looking for raw material suppliers that are close to market, Intex Sri Lanka brings this advantage to the industry.

A palpable sense of optimism filled the air as Intex Sri Lanka brought together exhibitors from 12 countries and international buyers spanning continents, from Russia to Mexico visited exhibitors. The event floor buzzed with excitement as buyers discovered a diverse range of contemporary products, exceeding expectations and fostering new connections within the global textile industry.

Intex Sri Lanka 2024 opened to crowded registration counters with exhibitors looking forward to the rest of the show with positive anticipation of business and valuable connections yet to unfold over the coming days.

"Intex has always been a good show for the industry creating a number of opportunities for the Sri Lankan industry. It is a very popular show always looked forward to both by the larger and smaller companies as the show enables the companies to be able to meet with new suppliers. In today's market where everyone is looking for raw material suppliers that are close to market, shows like Intex really stand out because they bring this advantage to the customers."

Mr. Yohan Lawrence, Secretary General, Joint Apparel Association Forum of Sri Lanka (JAAFSL)

Mr. Abbas, South Indian Garments Manufacturers Association (SIGMA)

"I came with some expectations, but this is beyond my expectations. I am sure that we can source a lot of fabrics and we can use a lot of tech that is happening especially things related to sustainability which is growing in importance day by day. We are sure that visiting Intex and InMac will be very fruitful for us and we are deeply impressed with this show. The way the event has been organized with the variety and number of quality international exhibitors is impeccable."

Dr. Kingsley Bernard, Chairman & Chief Executive Officer, Sri Lanka Export Development Board (EDB)

"Exhibitions like Intex are very useful because we get to meet a wide range of manufacturers, input suppliers and also technology-oriented people under one roof. They have digital platforms which we can use in tandem with traditional industry so that our industries benefit."

Dr. Kingsley Bernard, Chairman & Chief Executive Officer, Sri Lanka Export Development Board (EDB)

SRI LANKA'S GARMENT INDUSTRY & COMPETITION IN THE GLOBAL MARKET

Part 1: Circular Economy Solutions - Going Green for a Sustainable Future

Arti Bhagat
International Trade Promotions | B2B Exhibitions

July 11, 2024

The global fashion industry is undergoing a significant transformation, driven by increasing consumer demand for sustainable and circular practices as concerns rise due to the environmental impact of fashion.

The EU strategy for sustainable and circular textiles envisions that by 2030 all textile products on the EU market will be durable, repairable, recyclable clothing made from recycled materials with no hazardous substances in the textiles and to be produced ethically respecting social rights and the environment. Fast fashion is to be phased out in favour of high-quality, affordable, long-lasting clothing.

In contrast to this global challenge, Sri Lanka's apparel giants have been honing their expertise in sustainability best practices, environmental protection and resource efficiency. Leveraging decades of R&D, the latest technology and advanced production techniques, Sri Lankan apparel industry is a global trailblazer in sustainable production. Celebrated globally for its "Garments without Guilt" initiative, Sri Lanka has an established reputation for ethical production, giving it a significant advantage in the global movement towards sustainable fashion.

The 15th edition of South Asia's leading textile sourcing platform, Intex Sri Lanka, began yesterday at BMICH, Colombo, and will run until August 9. The event has been pivotal in advancing Sri Lanka's textile and apparel industry over the past decade, fostering trade, innovation, and business growth.

Key figures at the Grand Opening included Satyanjal Pandey, Deputy High Commissioner of India in Colombo, and Bernard Kinsley, Chairman & CEO of the Export Development Board of Sri Lanka. Exhibitors from over 12 countries, including China, India, Japan, and the USA, are showcasing the latest in natural and synthetic fibres, fabrics, accessories, and software solutions across four exhibition halls.

International buyers from more than 20 countries, including Russia, Mexico, and the UAE, are in attendance, alongside major Sri Lankan companies like MAS Holdings and Brandix, eager to explore new industry trends.

Arti Bhagat, Executive Director of Worldex India and organizer of Intex Sri Lanka, highlighted the event's significant impact on the global textile and apparel industry. She noted that Intex Sri Lanka is establishing new industry standards by linking local manufacturers with international stakeholders, fostering a supply chain that is resilient, efficient, and sustainable.

The event also features the Textile Association India (TAI) Overseas Conference, organized by the Textile Association India, and the Trend Now: Innovation Zone by the University of Moratuwa, highlighting the future of fashion and technology. Additionally, InMe, an international garment machinery and technology show, debuts this year, offering solutions to enhance Sri Lanka's global competitiveness.
